Members thrilled with money saved using Co-op Connections card

"I saved \$140 dollars when I got my new eye classes in New Oxford at Eye Expressions Optical. My insurance does not cover vision. I felt as though I got more than a month of free electricity by using my card to buy something I needed."

Gail Carroll, Spring Grove

"I'm in the process of getting a Medicare card and want to make sure that it doesn't conflict with the Co-op Connections card. I use your card for my medication and the one costs over \$300. When I use the Co-op Connections card, it only costs me \$33!"

Anonymous Member

"I just received the Co-op Connections card unsolicited in the mail. I didn't really care much about the pharmacy benefit because I don't take medication but I popped it in my wallet anyway. The next day I went to the doctor and found that my head cold had turned into something requiring antibiotics. At the Giant Pharmacy they asked if I had any discount cards and I remembered the Adams Electric card I had just received and tried it. It worked - you saved me \$31! Wow! Thanks."

Susan Anderson, Stewartstown
